ADD BEAUTY TO YOUR HOME — AND SAVE MONEY —
WITH MY *Guaranteed-To-Live* EVERGREENS!

Beautify Your Home Like This!

Perhaps you'd like more privacy in your yard. There may be a view you'd prefer to block off. Or, you may want to mark the boundary of your land with something friendly and attractive. Then—plant a thick screen of Evergreens around your property! A border of Living Evergreens enclosing your land makes your home a haven of privacy. Combine such a screen with Evergreens planted along your walks—framing your doorway—dotting your lawns—and you've added real Living Beauty to your home!

How My Evergreens Save You Money!

Beauty is important to most of us—and so is economy. That's why you'll like my Living Evergreens so much! They give you the beauty you want—and they *save you money* at the same time! Here's how.

1. LOW PRICES. Your *original cost* for my beautiful Living Evergreens is amazingly low—far less than what your local nurseryman must charge!

2. NO REPLACEMENT COSTS. *I guarantee every one of my Evergreens to live*—if not, I replace *free of charge* any that die!

A great many customers save by using my Trees to mark boundary lines. There's a very low original cost, and no upkeep expense! Then, too, you'll find the windbreak action of a boundary screen of Living Evergreens saves you a considerable amount in winter fuel bills!

Easy To Plant

Even if you have never planted a Tree before, you'll find it easy with my Evergreens—because I include an instruction leaflet with every shipment! And, you'll find there's almost no care required of Evergreens after planting.

Ask My Customers!

On the next page are excerpts from hundreds of unsolicited letters I received this past season, from enthusiastic planters of my Guaranteed-To-Live Trees. All these people like to do business with me—and I'm sure you will, too. Turn to the next page of this Folder now, and read what my customers say. You'll find descriptions of my Trees there, too.

If you wish 250 or more trees of the same kind and size, ask for wholesale price list.

Because of the excessive cost of packing small orders, no order will be accepted for less than five trees, and no order for less than one dollar value. All orders must be in multiples of five trees of one kind.

SHIPPING WEIGHTS

All prices on this page F.O.B. Fryeburg, Maine. Cash with order, or shipped C.O.D. if one-half amount accompanies

order. Approx. shipping weights: 3 and 4 yr., once transplanted, average 10 lbs. per 100 trees; 5 yr., twice transplanted, average 30 lbs. per 100 trees; 6 yr., twice transplanted, average 35 to 50 lbs. per 100 trees.

LARGER TREES

Larger trees than those offered in this price list must be handled with a ball of earth around roots, which makes transportation charges excessive unless you live in Maine or New Hampshire. Outside those states, buy larger trees from your local nurseryman.

Why My Trees Cost You Less!

Above is a picture of a few of my Evergreens in transplant beds. Over 10 Million Trees are growing here in my Fryeburg Nursery. Last year I shipped over 3 Million to folks all over the country! THIS HUGE VOLUME IS THE REASON I CAN SEND YOU GUARANTEED-TO-LIVE EVERGREENS AT SUCH AMAZINGLY LOW PRICES! And, you can be sure that my Trees must be *extra-good* to attract all these Customers!

What Makes My Evergreens So Hardy!

After their second year, my Trees receive no care at all—not even water. Naturally, this means that some of them die during our long, hard Maine winters. But, it also means that the survivors are hardy enough to stand almost any weather! I use no fertilizer on my Trees, so they grow thickly branched and well-formed. And finally, all my Evergreens are *transplanted* at least once—often twice—before I send them to you. This transplanting gives the roots a chance to spread out and grow strong, besides accustoming the Trees to the shock of being moved from one place to another. My Evergreens are hardy enough to live almost anywhere. That's why you'll find it so easy to grow them into beautiful, sturdy Trees!

Select Your Favorites Now!

At the right are letters from my customers. Please read them. Below are descriptions of some of my Evergreens. Choose your favorites, then, turn the page. You'll find pictures and descriptions of the rest of my Trees, plus low Spring Prices for my Guaranteed-To-Live Evergreens!

That's real profit for you — in a more beautiful home — in the economy that a boundary or windbreak gives — in INCREASED VALUE of the Trees you own!
